

The Deputy Director of Central Intelligence

Washington, D. C. 20505

27 MAY 1983

25X1

Dear Mr. Ambassador:

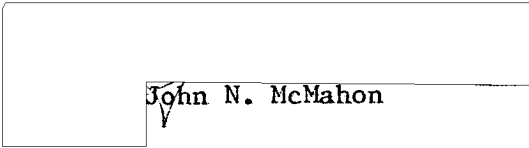

Enclosed for your information and use is the National HUMINT Collection Plan on Technology Transfer to the Soviet Union and East European Communist Countries. The national information needs on this important subject, as expressed in the Collection Plan Objectives were developed by the DCI's Technology Transfer Intelligence Committee (TTIC) and have been coordinated throughout the Washington community. Priorities are identified. The Plan will be supplemented by a Collection Support Brief prepared by the TTIC which will elaborate on priority requirements at the CONFIDENTIAL level and provide detailed guidance and follow-up questions for field collectors. 

25X1

Please note that the Plan lists collection responsibilities of intelligence and other agencies represented on the staff of your Mission. Some of these elements will also receive copies of the Plan through their own channels, or instructions reflecting their responsibilities through their internal management documents. The Plan is sent to you for your information. We trust that you will find it useful in managing the reporting of the Country Team and in preparing future Post Reporting Plans. 

25X1

Sincerely,

John N. McMahon
